

Leading in times of digital change with the Digital Leadership Canvas

Company, Organisation, Project

Name, Date

My management and leadership qualities

DIVERS:
What visions, values, competencies and knowledge define my leadership qualities? What drives me forward? What makes me a role model?

2

My digital leadership style

SUPER POWERS:
What aspects of Digital Leadership do I already live? Which of my visions, values, knowledge and competencies are my super powers that enable me, as a Digital Leader, to lead my team to success?

3

My leadership network

RESOURCES:
Who are my travelling companions, backers, cheerleaders and supporters?

4

How do others perceive my leadership style?

CHANGE OF PERSPECTIVE:
How do I motivate them? Why do they support me? Which of my visions, values, knowledge and competencies define me as a Digital Leader in their eyes?

5

Our vision of Digital Leadership

GUIDING IMAGE:
Digital Leaders are disruptive and innovative, are courageous leaders, have excellent social skills, and are determined. They develop and share their vision with the team and empower others. They relinquish control and orchestrate possibilities. They work with data and their intuition. They approach topics with scepticism, and new ideas and people with openness.

1

My / our challenges

ANALYSIS:
How will we, as Digital Leaders, become a bridge between the classical and digital worlds? Where do we have difficulty living our vision and achieving our objectives (field 1)?

6

My / our development barometer

MONITORING:
How can we measure our progress towards Digital Leadership? How do we define our progress? How do we reward ourselves?

8

My / our solutions

ACTIONS:
What development requirements do I / we have? What resources do I / we have that enable us to tackle my / our challenges (field 6)? What actions do I / we need to take in order to achieve our objectives (field 1)?
